

FARMERS MAKE MONEY

Stevens Point Man Says That Recent Frost Hurt But Little, as Crop Was Nearly All Harvested.

"Farmers of Portage county are getting more for their potatoes than the value of the land," said J. W. Duneagan, cashier of the First National bank, Stevens Point. "The yield is the largest in the history of the county, and many farmers are clearing from \$80 to \$100, or even more, on every acre of potatoes."

"Reports to the effect that the potato crop was badly damaged by the frost were greatly exaggerated, for practically the whole crop was in before the cold snap struck us. Prices are unusually good. The prevailing rate around Stevens Point is 55 cents, and earlier in the season it was as high as \$1."

It is gratifying to republish in The Gazette the above clipping from the Milwaukee Journal. If more of our citizens would keep in mind the fact that their personal observations have some value as a news item, and occasionally submit their views on live topics of public interest, it would be of advantage to the community in general. Keep Portage county to the front, for what is good for Portage county is good for Stevens Point. The Gazette would like a series of communications on the potato industry and the profits obtainable. Several of the counties in the upper part of the state are alive on this question. Why not Portage?

Many Hunting Licenses.

Thus far County Clerk Bourn has issued 2,222 hunting licenses this season. This is the largest number in the history of the county, only about 1,600 having been issued last year, which was the largest up to that time.

They Took the Dare.

The following from Monday's Chicago American will prove interesting reading to the young groom's many friends at his former home in Stevens Point:

Dared by guests at their engagement party, Harry Jacobson, a member of the commission firm of Barker & Co., and Miss Gertrude Bernstein decided quite suddenly to get married. The ceremony was performed by Dr. M. Ungerleider at the home of the bride's parents, Mr. and Mrs. L. Bernstein, 1510 North Robey street. Three hundred guests were present when the announcement party was turned into a wedding.

Wedded at Fancher.

Quite a few friends from this city went to Fancher this morning to attend the wedding of Jos. D. Kubisiak and Miss Mary Zylka, who were united in marriage at the Fancher Catholic church by Rev. L. J. Pescinski. A reception is being held this afternoon and evening at the home of the bride's parents, about a mile from Amherst Junction. Mr. Kubisiak is organist in the Fancher church and also devotes a portion of his time to other activities. He is highly regarded and esteemed by all who know him and one fully deserving of the best things of life. His bride is a bright, popular young lady and has hundreds of friends who extend their well wishes.

CEREMONIES AT PLOVER

Bishop Fox Dedicates New Church and Confirms Large Class of St. Bronislava's Congregation.

Large numbers of people from various parts of the county assembled at Plover yesterday to witness the dedication of the new Catholic church, of which Rev. M. Kiosowski is pastor. The impressive ceremony was performed by Right Rev. J. J. Fox, bishop of the Green Bay diocese, who also blessed the bells and statutory and confirmed a class of one hundred children. High mass was celebrated by Rev. L. J. Pescinski of Fancher; Rev. W. B. Polaseczky of Junction City acted as deacon; Rev. A. Forsiak of Mill Creek as sub-deacon, and Revs. T. Wojak of Grand Rapids and C. Shippey of Flintville as masters of ceremony. Other clergymen in the sanctuary were Revs. L. Stefaniak of Antigo, L. Jankowski of Casimir, W. J. Rice and S. A. Elbert of this city.

Bishop Fox is at Plainfield today, where he administered the rite of confirmation to another large class.

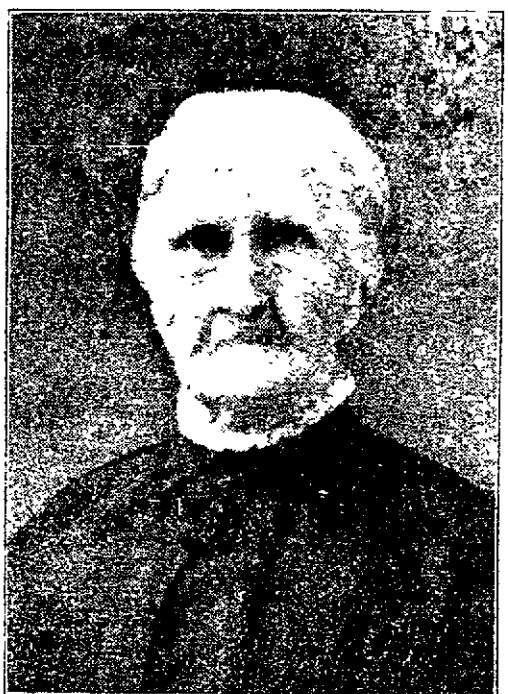

Some South Dakota Farmers.

Otto Zimmer, who returned from South Dakota the last of the week, does not expect to return west in the spring, having leased his homestead, 55 acres of which are under cultivation, to Chas. Dake. The Stevens Pointers who have homesteads in the same locality, all near Karinen, S. Dak., are Frank Wheelock, Martin Griffin and daughter, Miss Mayme; Crosby Grant, whose sons, Myron and Fred, are with him; John Johnson, Chandler Wheelock; Chas. Dake, two sons, Clayton and Martin, and two daughters, Misses Ellen and Daisy; C. A. Cooper and daughter, Miss Elsie; Garth Jensen, J. N. Welsby and Roy Kinney. Mr. Welsby has been here for some time, having proved up on his claim, as have also the Coopers, who will return here in a few weeks, and Mr. Zimmer and Mr. Jensen, the latter at present being with T. J. Anders on his ranch in North Dakota. The past season, owing to a scarcity of rain, was unfavorable for farming in South Dakota, but all look brightly forward for better conditions next year.

The Band Dance.

Arrangements have been fully completed and the dance at the Empire Rink Friday night will be the social event of the season. G. L. Park, Wm. Moli and Frank Blood will act as floor managers. There will be dances to suit both old and young. The floor will be put in the best possible shape and will be free from dust.

If you do not dance, an opportunity will be offered you to buy a ticket to go and hear the music, thereby lending your aid to a good cause, one every good citizen should be proud in assisting. Tickets, 75 cents per couple.

MRS. PHILETTA BEAN.

Mrs. Philletta Bean, nee Butterfield, was born in the state of New York 92 years ago on the 23d of last October, and is no doubt one of the oldest persons in Portage county as well as its oldest residents, coming here in November, 1850, and is still in the enjoyment of good health for one of her years. She is the mother of four children, three of whom are living, Enoch Bean and Mrs. Hannah M. Knapp of this city and Zimri Bean of Calumet, Okla. She is at the head of four generations, and lives with her daughter, Mrs. Knapp, at 426 Center street.

Public Library Notes.

Mrs. John Ball has presented the library with a complete set of Dumas' works.

The main library shelves have been enriched this week by the addition of twenty-three books transferred from the rent collection.

The German and Polish libraries, which are exchanged every six months, are to be returned to the commission in Madison this week and others sent in their place.

A complimentary copy of Cupid Intelligent was received Monday from the author, Mrs. Julia A. Balbach of Newark, N. J. It is an effective little story, presenting the ideas of the twentieth century club woman.

Drops Dead in Chicago.

Oscar C. Putz, a boyhood resident of Stevens Point, his father, the late John A. Putz, being for many years foreman of the Wisconsin Central paint shop, dropped dead shortly before 1 o'clock last Monday noon. Mr. Putz was employed as fireman on Soo train No. 8, in charge of Conductor W. H. Dana and Engineer Walter Gleason. The cars were nearing Halstead street, Chicago, when Mr. Putz expired without warning, death being caused by heart trouble. The train returned to the union depot and a physician summoned, but Mr. Putz was beyond earthly aid.

Oscar Putz was 47 years of age and had been in the employ of the Soo line and Wisconsin Central railroads for the past twenty-five years. So far as is known he had never suffered from heart trouble, but it is apparently hereditary, as his mother expired as suddenly in the Fond du Lac Soo depot about eleven years ago.

Besides a widow he is survived by four children, Mark, aged 19, Arthur, aged 17, Irene, aged 15, and Doris, aged 13; also six brothers and two sisters, George of Brainerd, Ed. of Chicago, August in the west, Frank of Almond, Charles and Edward of Fond du Lac, Mrs. Wm. Swan of Spencer, and Mrs. Propp of Fairmount, N. D.

Some Big Appropriations.

It has been claimed that the federal government cannot make appropriations for the improvement of roads because not authorized by the constitution to do so. Perhaps; but look at this: Congress has given aid in land grants to railroads of 200,000,000 acres; appropriations for rivers and harbors since 1875 of \$592,395,160; for Mississippi river levees to June 30, 1902, \$16,580,614; for public buildings to June 30, 1911, \$213,376,000; land grant funds to state agricultural colleges, \$24,585,997; appropriations for state colleges from 1890 to 1910, \$16,786,000; for Panama canal (estimated) will be \$400,000,000; for road building in Porto Rico, \$2,000,000; for road building in Philippines, \$3,000,000; for building roads in Canal zone, \$1,495,000; for road building in Alaska, \$1,925,000; for road building in United States, \$600,000,000.

Marriage Licenses.

John Letarski, Elderon, to Gertrude Miszka, Sharon. Casper Stoltenberg to Mabel Larson, both of New Hope. Albert J. Bolter, Buena Vista, to Annie Sutherland, Lanark. Thos. Wanserski, Stevens Point, to Balvina Tamski, Stockton. John Johlin, Rhinelander, to Frances Dykas, Stevens Point.

BECAME TIRED OF LIFE

Chauncey Simonds, 78 Years of Age, Ends His Misery After Suffering For Years.

Evidently becoming tired of life, due to long suffering with rheumatism and the loss of an eye, which he had had removed a few years ago and which had troubled him ever since, Chauncey Simonds, nearly four score years of age, committed suicide by shooting himself at the Bruce Hotel at about 9:30 o'clock Monday morning. Mr. Simonds had made the Bruce his home for several years, especially during the winter seasons, spending the summers with his son in the town of Plover and upon a forty acre tract in the Portage County drainage district. He was a man who rarely complained, one of very few words, and of late seemed to be in about his usual health. He was in the habit of rising quite early in the morning and after eating breakfast at about 6:30 o'clock Monday morning, started out for a walk and when the First National bank opened at 9 o'clock, he entered and left an old fashioned pocketbook with a paper wound around the same, bearing this message, "To be given to my son, Nye." He also transferred his deposit book, in which he had \$1,700, to his son, and after his death an investigation showed that the pocketbook contained \$50 in bills, this together with \$11 in bills and \$4.71 in change, making a total of \$1,765.71. A paid up life insurance policy for \$550 was left to his surviving children, including the son above mentioned and one daughter, Mrs. Eva Long, who when last heard from was living at Hamilton, Mont.

Returning to the hotel, Mr. Simonds sat down in an office chair for a few moments and then went directly to his room on the second floor, the door of which he locked, which act was noticed by Miss Gussie Ramschek, one of the chambermaids, and she also noticed that a few moments later the old gentleman unlocked the door. After the latter move he evidently rolled up an old pair of trousers and took off his hat and overcoat. Lying down on the floor, he placed the revolver just below his right eye and fired the shot which terminated in instant death, the bullet passing through his head and out on the right side. The bullet was found later, having struck the wall and fallen back onto the floor.

Upon hearing the shot Miss Ramschek called to Mrs. Bruce, who in turn summoned her husband, and thereafter the coroner was notified. When Mr. Bruce entered the room life was extinct, indicating, as above stated, that death was instantaneous. It was found that Simonds held the revolver close to his face when he fired the shot, as powder marks were in evidence. The only motive known for the act was the fact that, as noted above, he had long suffered from poor health and the pain in his eye. The act was not committed on the spur of the moment, as several years ago he hinted to his son that he might end his life in this manner.

Chauncey Simonds was a pioneer of Portage county, 78 years of age, coming here from Cataugus county, N. Y., in 1856, and locating on a farm near Plover. He was married in 1857 to Miss Mary Basher, who died about five years later, leaving two children, those mentioned above. In the early days in addition to working his farm Mr. Simonds was a riverman, running lumber to southern markets for a number of years. He was an honorable man, honest in his dealings and was highly respected. Besides his son and daughter, he is survived by one sister, Mrs. Theo. Sheldon of Ellendale, Minn. Three sisters, Mrs. Chas. A. Lane, Mrs. Andrew Welton and Mrs. Ed. Grover, all former residents of the town of Plover and this city, preceded him to the other world. He was a member of Plover Lodge, No. 80, I. O. O. F., and the remains will be taken to that village as soon as his daughter arrives from Montana, Thursday or Friday. Services will be conducted at the church here by Rev. J. A. Stemen of this city and interment will take place in Plover cemetery.

Paid a Heavy Fine.

Deputy Game Warden Geo. H. Dietrich spent a day or two in Waupaca county this week, where he arrested Knut Hornig of Iowa for killing a deer in that county, contrary to the state law. Hornig was brought before Justice Weinmann of Iowa when he entered a plea of guilty and paid the minimum fine of \$100, together with \$2.00 costs. To add to the unpleasantness of being obliged to pay so heavy a fine for the sport Hornig no doubt enjoyed last Sunday while hunting, the deer was confiscated and brought to this city last evening by the game warden.

Married a Governor.

Wm. C. McDonald, a Democrat, was elected two weeks ago as the first governor of New Mexico, a recent acquisition to the United States, defeating H. O. Bursum, Republican, by a majority of about 5,000, and carried with him the entire state Democratic ticket. Some twenty years ago Mr. McDonald was married to Mrs. Thos. B. McCourt, who for a number of years before that time was a resident of Medford. On account of poor health Mr. McCourt moved with his family from Wisconsin to New Mexico, where he died. Previous to her first marriage the wife of the new governor was Miss Frances Tarbell and Weyauwega was her native place. She has a number of friends and acquaintances in Stevens Point, among whom are Mrs. R. A. Cook and Mrs. Jas. Rice, with whom she visited a number of times in former years.

TALES OF THE HUNTERS

Short Paragraphs About People Who Are or Have Been Hunting the Fleet Footed Deer.

Two of the largest deer seen here this season were brought from Bayfield last Saturday night by George and Clarence Johnson of Iowa and transferred to the Green Bay road next day. The heavier one weighed about 225 pounds.

Wm. Hamilton, Jesse Miller, George and H. Crawford are a quartette of Westfield citizens who returned from Chelsea last Sunday morning, near where they devoted a few days to deer hunting. They brought back three fine specimens.

C. E. Hill spent most of last week at Park Falls, going up to visit his daughter, Miss Blanche, a teacher in the village schools. Mr. Hill also took a stroll through the timber in that section and with his trusty rifle brought down a fine deer.

G. D. Sargent, W. B. Angelo, C. H. and Willard Pratt were members of a party of ten Plainfield people who returned Tuesday morning from the vicinity of Stanley, where they devoted a few days to hunting. Each of the ten secured a deer and besides had an enjoyable outing.

C. O. Doxrud, Dr. H. Raasoch, Nels Grayson and Andrew S. Anderson are prominent residents of Nelsonville who spent a brief time in town last Monday while returning from a hunting trip in the neighborhood of Dancy. They brought back with them three deer, and would have had little trouble in getting the full quota of four, but they became tired of tramping through the snow, which is twelve to fifteen inches in depth.

Geo. W. Frost and R. A. Oberlatz spent last Friday and Saturday near Gilman, a station on the Duluth-Superior branch of the Soo, and returned with two deer. Mr. Oberlatz got the larger one, a buck weighing about 150 pounds, which he bagged shortly after leaving camp Friday afternoon. Mr. Frost's trophy is a fawn, which he secured the next morning. As this is Reinhold's first experience as a deer hunter, he is much gratified over his success.

Another New Village.

Danteville promises to be a new station on the Chicago, Milwaukee & St. Paul railway line in the near future. The new town site, which has just been platted into village lots by C. E. Guenther, Knowlton's energetic real estate dealer, lies directly half way between Mosinee and Knowlton in Marathon county. The town site occupies a forty-acre tract on the east side of the river at Beans Eddy and has been laid out into village lots, thirty by one-hundred feet. The new town site is near the Battle Island dam site, a charter for the development of which has been secured by Guenther and Winton. The river at this point will furnish about 2,500 horsepower.

A Special Program.

The Woman's Club's regular meeting next Saturday afternoon will be entitled "A Day With Our Humorists," and a fitting program will be carried out. Mrs. Geo. Stockley will read a paper, the subject of which is "The Spirit of American Humorists." A biography of Artemus Ward will be given by Mrs. Rhoda Brinker, and illustrations of his humor will be shown by Mrs. Geo. Altenburg and Mrs. W. B. Buckingham. Mark Twain's biography will be read by Mrs. E. A. Schwahn and his humor illustrated by Mrs. T. W. North and Mrs. Bird. Bob Burdette's life and work will be discussed by Mrs. J. W. Strophe and she will be assisted in giving examples of his writings by Mrs. Vos Burgh and Mrs. Lou Sawyer. Others who will assist in making the afternoon an enjoyable one will be Miss Jessie Hill, who will render a vocal solo, and Mrs. F. M. Playman in a humorous recitation, "Brudder Brown on Apples."

Special Attraction at Grand.

"Life of the James Boys in Missouri" will be shown on the screen at Grand Opera House tonight and tomorrow evening. The picture is the greatest ever acted for a moving picture company and is playing to packed houses all over the country. That this city will have an opportunity to witness this great picture was gained after a lengthy correspondence with the company who produced the great film, and it comes to us at a great cost to the management of this theatre.

There are 3,000 feet and 130 scenes in all, describing in detail every principal event in the lives of Frank and Jesse James and the Quantrell Guerillas from the time of the invasion of the home of Dr. Samuels, Jesse's stepfather, by the Home Guards, up to the death of Jesse and the arrest and pardon of Frank. Many of the scenes are taken on the identical spot where the original happened, and the picture was made at a great cost. Life sized portraits of Bob Ford, the slayer of Jesse, and Frank and Jesse James, will also be seen.

The price charged is far too low, but to allow our patrons a chance to see the greatest picture of the age we have made it 10 and 15 cents, so that all can see it. It's the chance of a lifetime, and don't miss it. You have heard of the James Boys, now witness it, not by a company of the one night barn-stormers, but by a company of capable actors, who have spared no time and expense to make this the greatest picture of the age.

It's worth several times the price of admission. See it by all means.

My Lady of the North.

Our new serial story, "My Lady of the North," commences in part second of today's Gazette. It is a most excellent story, written by one of America's greatest writers and you cannot fail to be pleased. If you are not a subscriber, commence with this week's issue.

Life's Widening Horizon.

At the morning service at the Presbyterian church next Sunday, Rev. John A. Stemen will speak on "Life's Widening Horizon," and a double quartette choir will give Schaeffer's Cantata, "The Harvest is Ripe," with organ and cornet accompaniment. The Young People's meeting at 6:30 in the evening will be a Thanksgiving service and the general topic will be "Echoes of Peace and Blessing," led by Mrs. Stemen and Helen Collins. "The Lord our Leader" is the title of the responsible service at 7:30 o'clock in the main auditorium of the church, and there will be special music at this time.

He Is Spreading Out.

The Stevens Point Lighting Co., located in the Atwell block on Main street, will move in a few days to the adjoining building on the west, Victor S. Frai having rented their present quarters, which adjoins his paint and wall paper store, and will remodel the same into a model double retail establishment, one of the finest of its kind in Wisconsin. It is said that there are but few exclusive retail stores devoted to wall paper, paints, etc., and Mr. Frai says his will be among the number.

WE HAVE MANY CHILDREN

Portage County Has Nearly Twelve Thousand Children of School Age—To Receive \$29,003.32 as State Aid.

According to school census figures presented to the state superintendent from the various towns, villages and city, we have 11,970 children of school age, or rather did have when the returns were made and will receive \$29,003.32 as state school money. This is at the rate of \$2.42.3 for each child of school age. Below is given the number of children in each place named, together with the amount that will be received:

	Children	Amt.
Alban.....	410	\$ 993.43
Almond.....	207	743.86
Almond village.....	181	438.56
Amherst.....	590	1,429.57
Amherst village.....	177	428.87
Belmont.....	382	925.59
Buena Vista.....	412	998.28
Carson.....	806	2,001.40
Dewey.....	423	1,024.93
Eau Pleine.....	454	1,100.04
Grant.....	324	785.05
Hull.....	619	1,499.84
Lanark.....	290	702.67
Lanwood.....	304	736.59
New Hope.....	357	865.01
Pine Grove.....	275	666.33
Plover.....	567	1,373.84
Rosholt village.....	105	254.42
Sharon.....	1,034	2,505.38
Stockton.....	863	2,103.11
Stevens Point City.....	3,065	7,426.50
Total.....	11,970	\$29,003.32

May Buy New York Farm.

Mr. and Mrs. O. R. Howard and their six children, among whom are included Hart and Lewin Nash, sons of Mrs. Howard by a former marriage, boarded last Sunday morning's east bound train for Warsaw, Duplin county, New York, near where they may make their future home, provided Mr. Howard is able to secure a desirable farm. The family have been residents of Portage county for many years, Mr. Howard's birthplace being the town of Buena Vista, where he was engaged in farming until selling his property to John A. Berry a few weeks ago. Many people from Wisconsin, and even from states further west, have joined the "back to the east" movement within the past few months and are buying farms in that section.

Socialist Speaker.

Leon Durocher, a young university graduate of North Dakota, representing the National Socialist Lyceum Bureau, spoke at Oertel's hall last evening to a fair sized audience. Mr. Durocher is a very interesting speaker and accompanied his statements with statistics ever ready at the end of his tongue. Among the stories he told, the following is interesting:

"The proprietor of a brick yard told one of his men to bury. A third party standing by asked, 'What right have you to tell this man to bury?' 'I pay him to bury.' 'How much do you pay him?' 'Two dollars per day.' 'Where do you get the money to pay him?' 'I sell brick.' 'Who makes them?' 'He does.' 'How many bricks does he make a day?' 'Twenty-four men make 24,000 brick per day.' 'Then instead of your paying him, he pays you \$6.00 per day for standing around to tell him to bury.' 'Well I own the machinery.' 'How did you get the machinery?' 'Sold bricks and bought it.' 'Yes but who made the brick?' 'Shut up, you fool, you'll waken those men, and they'll make bricks for themselves!'"

After Mr. Durocher finished his public address he explained the features of the Lyceum Lecture course. A vote was taken among the local members whether to reject or accept the proposition. The motion to reject was carried.

The local members are very sorry that they were unable to take up the course as it would bring five of the most noted and best Socialist speakers in the nation to this city.

MORE POTATO WAREHOUSES

Curran House Site May be Used for This Purpose—Several Applications.

Four or five wholesale dealers in potatoes who buy in the local market or who expect to come here, have made application to the Soo railroad officials for the privilege of erecting warehouses on the Main street property where formerly stood the Curran House. This land is located within the fire limits, thus ensuring the erection of brick or concrete buildings. There is little doubt but that some or all the applications will be accepted and the now vacant land put to good use. An announcement to the above effect will be of further satisfaction because it will relieve the anxiety or curiosity of many people who desired to know the railroad company's object in buying this valuable piece of real estate.

Judge Park Making Good.

Waupaca Republican-Post: It is the general verdict of those who are watching the progress of Circuit Court that Judge Park is making good in the highest sense of this expression. A calendar of twenty-three criminal cases disposed of in one week. The civil cases are being disposed of expeditiously, though no point is slighted and no discourtesy permitted nor sharp practice allowed by the ever vigilant Judge Park.

WHAT THE BOARD IS DOING

Notes on Business Performed by Our County Solons During the Past Week.

Dr. D. S. Rice was again chosen as county physician at last Friday morning's session of the board, on motion of Sup. Alex. Kluck.

Supervisor Een wanted to give the janitor at the court house an increase in salary, from \$50 to \$55 per month, but his motion to that effect was lost by a vote of 17 to 8.

The superintendent and matron at the poor farm will receive a combined salary of \$75 per month, the same as last year, a motion by Sup. Sawyer being unanimously adopted.

Sup. John Een introduced the following resolution of appreciation, which was unanimously adopted: Be it Resolved, That the county board of Portage county in annual meeting assembled, do hereby tender to the Business Men's Association of the city of Stevens Point, their appreciation and thanks for the courtesy extended to them. We all believe that the friendly relations will be of mutual benefit.

The board adjourned Saturday forenoon until Monday afternoon, but before doing so the county clerk was authorized to purchase sufficient copies of the 1911 session laws to provide one each for the clerk, sheriff, treasurer, district attorney and the town and village clerks.

The sum of \$100 was appropriated to the Children's Home Society of Wisconsin on motion of Sup. Carpenter. That amount was given for the same cause last year.

Supervisors Park, Seigert and Fre-court were appointed by the chairman as a committee to recommend salaries for county officers whose terms commence in January, 1913, and Supervisors Een, Beggs and Wolfe were selected as a committee on county and state highways.

Among other things it will be the duty of the latter committee to meet and confer with like committees appointed in the counties surrounding Portage, including Marathon, Waupaca, Wood and Waushara and lay out plans for county roads. These will no doubt be joint meetings, arrangements for which will be made later.

The board will visit the poor farm at Amherst Junction in a body tomorrow, and some of the county officers and others will probably accompany them.

Senator E. E. Browne of Waupaca addressed the board this afternoon on the subject of good roads and road improvements.

Thirteen petitions from that number of towns and villages, asking aid for road and bridge building were read in the board meeting this morning.

A resolution changing the amount to be paid for caring for paupers at the county poor farm from \$2.50 to \$2.00 per week was adopted a few days ago. At yesterday's meeting this action was rescinded and the price will be the same as heretofore, \$2.50 per week.

Supervisor Een introduced a resolution providing that all highway taxes throughout the county shall hereafter be paid in money, instead of work, and it was carried by a close margin.

Supplied With Opera Chairs.

The Ideal Theatre is now supplied with new opera chairs, comfortable, substantial and up-to-date, replacing the old stiff-back chairs. This improvement will without doubt be appreciated by patrons, and is commendable to the enterprise of the new proprietor, Major Hackett.

Most Popular Company.

Winninger Brothers closed an eight nights' engagement at the Grand Monday evening. Sunday night they had a capacity house, in fact it is safe to say that fully two hundred people were turned away, unable to even secure standing room. Every box seat was filled and several additional seats were placed in the orchestra pit. The Winningers are the most popular repertoire show company that visit Stevens Point, generally playing two engagements each year, and their coming is always welcomed. They go from here to Sheboygan.
